#### **About TransTech USA**

TransTech USA, based in Denver Colorado, is a boutique strategy consulting firm that specializes in the formation and execution of business growth strategies. TransTech USA has advised companies from the US, UK and Asia Pacific - ranging from emerging companies through to Global Fortune 500 companies, primarily in the resources, energy & technology sectors.. For more information, please visit the company's Web site at [www.transtechusa.com](http://www.transtechusa.com).

#### **About International Business Forum**

The format of an institutional-investor-based program is beneficial to the selected companies presenting, in that the environment of the Forums provide the companies the privacy with major investors and analysts to interact with each other directly. This has proven to be a very lucrative formula for both company executives and major investors.

Since 1988, Ms. Ashby, CEO of MINE LLC, has organized more than 40 major international conferences and over 100 regional meetings for the natural resources industry, primarily in gold mining. The specialized format of private, by-invitation-only venues have attracted the world's largest fund managers to the conferences and attained world-renowned status.
